Obituary
Mrs. Martha Janette Mann On June 4, 1933, a beautiful Sunday afternoon when all was quiet and still, her pulse weak and faint, the Lord reached out his loving hand and said "come, I'll lead you across the river to your heavenly home, where you have longed to go and be with your loved ones, who are waiting for you." She opened her eyes and a smile played on her care-worn face, and it seemed as if one could see the beacon of hope shining through the clouds of those of her family who had gone before her to that home. Born April 29, 1852, she had fought a good fight in living a long, unselfish, and useful life, of 81 years for others. She was a dutiful daughter, faithful wife, affectionate mother, and loyal friend, and may we tread the path of her footsteps, carrying the thoughts that a noble life enriches the world. So we should shed no tears except for loneliness and desolation, caused by her passing. She had finished her journey, which had long been lonely, for those who had set out with her, and she often said "I want to go home." She came to the gate which closed the road, and knocked feebly, and it swung open. The strain of travel was over. Her face brightened as she heard the voices of those who had gone before and were ready to greet her. Her day was done, the work of life finished, but she had kept the faith, and as the evening met the dusk of night, her tired, restless soul fell asleep. By Her Children.

How Cardul Helps Women
"Malnutrition" means that your body is not getting enough to keep it up so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat. Because of malnutrition, some women have aches and pains every month. Such pains should not be neglected. Take Cardul to give you a better appetite, to give you more strength from the food you eat—and to keep you healthy and free of worry as you build up with the help of Cardul.
